

HP Compaq nx6110 Notebook PC

Smart balance of mobility and affordability

The HP Compaq nx6110 Notebook PC is a smart balance of mobility and affordability. Starting at 2.64 kg, this thin and light design with Intel® Centrino™ Mobile Technology is meant for the professional who needs powerful computing, mobility and security in a reliable notebook.

HP recommends Microsoft® Windows® XP Professional

Key features

With the HP Compaq nx6110 Notebook PC, you won't miss your desktop. With a large crisp display, a full-sized keyboard, a scroll-bar and recessed touchpad to prevent accidental contact, you can get more desktop-like convenience (USB, 1394, docking) without sacrificing ports.

Ease of use

- **Convenient one-touch buttons**—simplify access to commonly used system applications and websites.
- **HP Info Centre**—helps manage your system and security features, as well as access HP help and support tools.

Protect your data in and out of the office with enhanced security features: HP ProtectTools, Integrated Smartcard Reader (optional), and HP Drivelock technology which helps protect the hard drive from unauthorised access.

Connect to the network effortlessly via a broad range of wired and wireless² solutions. The dual antennas and in-display design helps you work more efficiently with a more reliable connection to your network. Experience less interruption with this intelligent antenna system that switches automatically to the antenna with the better reception.

The HP Compaq nx6110 Notebook PC is designed to meet the toughest business needs, providing users with reliable features in a durable (magnesium alloy) design.

- Backed by HP Services

HP Compaq Notebook PCs are backed by HP world-class global services and solutions which simplify and support your business and IT needs. HP and its value-added resellers and solutions providers have the infrastructure and highly skilled professionals that can help you purchase, maintain and utilise the technology you need to take your business to the next level.
